DETAILED ACTION

Response to Amendment

1. In the amendment filed 07/13/2009, the following has occurred: claims 1-10, 12-21, 24 and 28-29 have been amended. Claims 30-35 have been added and claims 11,22,25 and 27 have been cancelled. Claims 1-10, 12-21,23-24,26 and 28-35 are pending and are presented for examination.

Information Disclosure Statement

2. The information disclosure statements dated 02/24/2004, 12/27/2007, 01/16/2009 and 07/15/2009 have been considered.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1, 12 and 23 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The limitations of claims 1,12 and 23 "information included in the received payment request, wherein each of the plurality of debit options is associated with a respective risk processing method selected from the group consisting of (i) real-time debit authorization, (ii) batch good funds processing, (iii) guaranteed funds processing, (iv) debit-hold-credit processing, and (v) risk analysis, and wherein a first of the plurality of debit options is associated with a different risk processing method than a second of the plurality of debit options;" are not supported in the specification. There is no group to be found consisting of the limitations suggested.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed

within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
